

Tidal Predictions 2020

Drogheda Port

Tidal Predictions 2020

Cautionary Note

The tidal predictions contained within are the predicted **depths of water** at high water (HW) for Drogheda Port town quays (Town) and Tom Roe's Point terminal (TRP). Different depths at HW apply to each berthing location.

Masters **are strongly advised** to seek clarification of the nominated loading and or discharging berth to determine the appropriate maximum draft in advance of loading to or from Drogheda Port.

Weather conditions may influence the tidal predictions for Drogheda Port. High barometric pressure and northerly winds may reduce the tidal predicted depths. Storm events may also reduce the predicted depths.

It is believed B.S.T. will be kept between 29th March and 24th October 2020, but these dates are provision. Times are given in B.S.T. between 29th March and 24th October 2020, otherwise are given in G.M.T.

Tidal predictions for Drogheda Port have been computed by the National Oceanography Centre UK (copy right reserved).

While particular care is taken in the preparation of these tidal predictions, Drogheda Port Company cannot accept any responsibility for any errors, omissions or weather events which may affect these predictions.

Drogheda Port

Tidal Predictions 2020

Drogheda Port Important Marine Information

Depth of Water:

Drogheda is a tidal port. Tidal Predictions attached. Depths at high water differ between the port facilities of Tom Roes Point (TRP) and Town Quays (TQ). Storm events may effect the depths at the port entrance, see Cautionary Note in Tidal Predictions.

Water Density:

As a guide allow for brackish water. Actual density may vary subject to weather conditions and seasonality. Master to confirm on berth.

LOA:

Up to 100m - no restrictions. Over 100m and up to LOA 130m Harbourmaster's approval for port entry required. Approval may include use of the port internal push tug or engagement of external towage. Port push tug or external towage for ships account.

Under Keel Clearance (UKC):

Up to LOA 100m, UKC 30cms or 5% of draft whichever is the greater. LOA over 100m, UKC confirmation with Harbourmaster's approval for port entry.

Air draft:

Town Quays air draft restriction of 26m at Mean Hight Water Springs.

TRP berths:

Depth alongside at Chart Datum -5.5m.

TQ berths:

Depth alongside at Chart Datum -1.6m. NAABSA

Direction of the Harbourmaster:

Vessels subject to port operational requirements may be directed to shift to an adjacent berth or shift to TQ/TRP facility. All shifting costs for ships account.

Pre Arrival Paperwork:

Must be received in advance of vessel arrival.

Pilotage:

Is compulsory for Drogheda Port.

Marine Channel:

11 & 16
